

## 30L Outdoor Fan Forced Gas Geyser

OD30DH

The cutting edge 30L Gas Geyser Outdoor Fan Forced is one of the safest and most efficient gas water heaters on the market. This gas water heater is equipped with many unique features and is constructed out of high-quality components.

- Heavy-duty copper radiator
- 88% energy efficiency
- Pressure relief protection (to function effectively, the valve must be set to your water pressure)
- Temperature controller included with a 10m cable
- Wifi enabled - mobile phone app controller
- Automatic self diagnosis codes
- Compatible with mixer taps
- Ensures constant temperature when multiple outlets are used simultaneously
- Weather proof exterior
- Flame failure safety device
- Inverter compatible

**D Type Install outdoors only**

This model is weatherproof but for extended product life, we recommend a weather box (cover)

<b>Max Gas Pressure</b> 2.8 kPa	<b>Rated Input</b> 58Kw	<b>Max Gas Consumption</b> 4.8 Kg / hour	<b>Water Pressure</b> 25-1000 kPa	<b>Water Output (min/max)</b> 2.5L-30L / min	<b>Rated Voltage</b> 240V / 60Hz
<b>IP rate</b> IPX4	<b>Rated Electric Power</b> 52W	<b>Unit Size</b> 614 x 390 x 265 mm	<b>Unit Weight</b> 22.5 Kg	<b>Packaged Size</b> 750 x 475 x 350 mm	<b>Packaged Weight</b> 25.5 Kg

# Weather Box Size Guide

Ensure the utmost protection for your outdoor gas geyser by installing a weather box (cover), shielding the appliance from severe weather conditions and potential damage. Additionally, these weather boxes effectively prevent birds from nesting on top of the geyser and significantly minimize corrosion caused by sea air. Crafted from galvanized steel, these weather boxes are resistant to rust and can also be powder coated for a sleek and stylish finish.

## Fan Forced

- 20L FF Medium
- 30L FF Large

## Constant Temperature

- 12L Large
- 16L Extra large

## Eco-Flow Low Pressure

- 5L Small
- 8L Large
- 12L Large
- 16L Extra large

## Diaphragm Activated

- 6L Small
- 8L Medium
- 10L Medium
